## WASHING EQUIPMENT

Your First Choice  
For Superior  
Cleaning Equipment

## MODEL GI-1

### CAN WASHER

The Alvey Can Washer quickly and efficiently washes and sanitizes garbage cans in a fully contained stainless steel cabinet. No longer is it necessary to devote a separate room for washing cans. The cabinet design allows the operator to simply place the can into the washing chamber, close the door and turn the "start" selector switch. The GI-1 does the rest.

### WASH CHAMBER CYCLE

- Cold pre-wash
- Steam wash cycle
- Hot water final rinse cycle

### WASH CHAMBER

- Nozzles are designed to wash and rinse both inside and outside of cans
- Accepts cans up to 36" high by 22" in dia.

### HOUSING

- Stainless steel construction
- Adjustable sanitary feet
- Heavy duty stainless steel door

### FEATURES

- Fully automatic cycle
- Completely self contained
- Safety door limit switch
- Heavy duty stainless steel construction
- Compact space-saver design
- High volume processing

Shipping Wt. 350 Lbs.
